virtual experiences

Working in partnership with our friends at Sandbox VR we invite you to experience the unique world of team events in virtual reality with our Sandbox VR Day Delegate Rate and special event packages.

Make the most of everything thestudio has to offer in our popular packages and [bundle in a 40 minute team experience at Sandbox VR](#), just around the corner from thestudio**irmingham**.

Sandbox is a [futuristic VR experience](#) for groups of between 6 - 200 guests where you can [see and physically interact with everyone inside a virtual world](#) just like you do in reality. Inspired by Star Trek's Holodeck, their exclusive worlds let you feel like you're living inside a game or movie, and are built by EA, Sony, and Ubisoft veterans.

When you enter these worlds, you become the action. Thanks to Hollywood motion capture cameras, 3D precision body trackers, custom hardware, and haptic suits, you get a feeling of transformation you can't get anywhere else. You might forget you left reality!

These original worlds are meant to be experienced [together with others](#). Whether it's a journey to space or surviving a zombie ambush, there's something about a thrilling Sandbox experience that [transforms, develops](#) and [strengthens](#) your [relationships with colleagues](#) and create a memory you will share for a long time to come!

“honestly
mind blowing!”
-Birmingham Mail
